CONTENTS

Fauna and Systematics

- DEKHTYAR M. N. Testacean Amoebas of the Family Lesquereusiidae (Rhizopoda, Testacea) in the Fauna of the Ukraine 3
- SPASSKY A. A. On the Taxonomic Status and Content of the Family Aploparksiidae (Cestoda, Cyclophyllidea) 9
- BAIDASHNIKOV A. A. Terrestrial Mollusk Fauna of the Ukrainian Polesye Area. Communication 1. Specific Composition and Connection With Vegetative Cover 13
- EMEL'YANOV A. F. Two New Tribes, a New Genus and a New Species of the Family Derbidae (Homoptera, Fulgoroidea) 19
- KAMENEVA E. P. Picture-Winged Flies (Diptera, Otitidae) of the Eastern Europe, Asiatic Russia, Kazakhstan and Central Asia 24
- KORNEYEV V. A. A Reclassification of the Palearctic Tephritidae (Diptera). Communication 1 31
- KRIVOSHEINA M. G. A Review of Palearctic Dipterans of the Genus *Pelina* (Ephydridae) with Description of Two New Species 38
- FEDOTOVA Z. A. A New Genus and a New Species of Gall Midges (Diptera, Cecidomyiidae) from Kazakhstan 44
- BALAN P. G. New Mite Species of the Genus *Zercon* (Acari, Mesostigmata) from the Crimea 49
- PAVLICHENKO P. G., POGREB'NYAK S. G. An Analysis of Diagnostic Characters and a Redescription of *Chamobates spinosus* (Oribatei, Chamobatidae) 55

Morphology

- ARTEMYEVA E. A. Wing-Pattern Seasonal Variation in *Polyommatus icarus* (Lepidoptera, Lycaenidae) 61
- SYCH V. F. On the Role of Morpho-Functional Correlations in Aberrant Locomotory System Appearance in Galliform Birds 64
- PASICHNYK S. V. Morpho-Functional Analysis of the Maxillary Organs in Mole Rats (Mammalia, Spalacidae) 68

Discussions

- PUCHKOV P. V. Uncompensated Würm Extinctions. Communication 3. Overkill, Underkill and Other Factors 73

Short Communications

- VEKHOV N. V. A New Species of the Anostraca (Crustacea) from Georgia 82
- KOSTJUK I. Yu. A New Lappet-Moth Species of the Genus *Phyllodesma* (Lepidoptera, Lasiocampidae) from South-East Transbaikalia 85
