## CONTENTS

### Fauna and Systematics

- SHARPILO V. P., KORNIUSHIN V. V. Parasitology in "Vestnik Zoologii" (30-th anniversary) 3-8
- UTEVSKY S. Yu. A New Marine Fish Leech *Cottobdella epshteini* gen. n., sp. n. (Hirudinea, Piscicolidae) from the Sea of Japan 9-11
- ZHURAVLYOV V. V. Meadow-Sweet Dwelling Aphids of the Genus *Aphis* (Homoptera, Aphididea). Communication 1. 12-17
- MANYLO V. V. Karyotype Peculiarities of the Family Representatives Gekkonidae (Sauria, Reptilia). Communication 2. Genus *Alsophylax* 18-24
- SWARZ YE. A., KORSHUNOVA YE. N., KHEIFEZ O. A., VOJEVODIN P. V. Small Terrestrial Mammals of the Bryansky Les Natural Reserve 25-32
- VOICHYSHYN V. K. The Tapho-fishes assemblages from Lower Devonian Podolia 33-39

### Ecology

- LEZHENKIN I. I. A Contribution to Biology Peculiarities of a New to European Fauna Bruchid Beetle, *Bruchidius koenigi* (Coleoptera, Bruchidae) 40-44
- SKLYAR V. E., SEVASTIANOV V. D. The Mites of the Cohort Tarsonemina in the Rodent Nest Microhabitats of the Donetsk Azov Sea Area (Ukraine) 45-49

### Morphology

- BOGDANOVICH I. A., KLYKOV V. I. Dynamics of Certain Pelvic Limb Bones Biomechanic Characteristics during Postnatal Development of the Pheasant 50-53
- BILETSKAYA M. G. Peculiarities of the Secondary Bone Palate Structure in Artiodactyles 54-59
- SHALIMOV V. A. Definition of Difference Measure Among Character Groups of Differentiating Erythroblasts Nuclei in Amphibian Liver 60-66
- NAZARENKO V. Yu. On the Morphology of Old-stage Larva of the Weevil *Lepyrus capucinus* (Coleoptera, Curculionidae) 67-70

### Short Communications

- SKULARI M. A. A New Species of Polychaeta (Nerillidae) from Black sea and Certain Peculiarities of its Postembryonic Development 71-74
- AKIMOV I. A., NEBOGATKIN I. V. Ixodid Tick (Acarina, Ixodidae) Specific Composition of Ukraine 75-77
- ROMASENKO L. P. The First Description of Prepupae of *Osmia cerinthidis* and *Megachle bocoloriventris* (Hymenoptera, Megachilidae) 78-80
- PUZACHENKO A. YU., BAKLUSHINSKAYA I. Yu., LYAPUNOVA E. A., VLASOV A. A. Karyotype of *Vipera ursini* (Reptilia, Viperidae) from Streletskaia Steppe 81-82
- DOLIN V. G., LATIFI A. O. New Species of Elateridae (Coleoptera) from Tadzhikistan 83-85
- POLUDA A. M., BAEV V. A., GAVRIS G. G., ZEMLYANSKIKH I. I., TSUKANOVA S. V. 18-th, 19-th and 20-th Seasons of Ornithological Station "Lebedivka" 86-88

### Methods

- YURISHINETS V. I. Application of the Cluster and Regression Analyses for Molluscs *Rivicoliana rivicola* (Bivalvia, Sphaeriidae) and *Pisidium amnicum* (Bivalvia, Pisidiidae) Population Study 89-91

### Man of Science

- KORNIUSHIN V. V., SHARPILO V. P. A. A. Spassky. To the 80-th Anniversary of Birth and 50-th Anniversary of his Scientific, Science Management and Teaching Activity 92

### Information and Chronicle

- ZAGORODNIUK I., ZENINA I., FEDORCHENKO O., SELIUNINA Z., KISELIUK O., POLISHCHUK I., VOBLENKO O. The School of Teriologists — 1996: "Analysis of Faunistic Associations" 93-94

### Notes

- PERKOVSKY E. Neotropospeonellina subtrib. n. from Venezuela as Key to Knowledge of the History of Leptodirini (Coleoptera, Leiodidae) 59
- GRADOVSKY V. The First Founding of *Lithoglyphus naticoides berlinensis* Westerlund, 1886 (Mollusca, Gastropoda, Lithoglyphidae) in Ukrainian Fauna 70
- GONTARENKO S. New in Ukrainian and Moldovian Fauna weevil species *Hypera cumana* Petri, 1901 74
- ZHYLA S. Brown Bear (*Ursus arctos*) in the Polissian Natural Reserve 77
- EFETOV K. Host-plants of *Adscita (Adscita) subtristis* (Staudinger, 1887) and *Adscita Zygaenoprocris taftana* (Alberti, 1939) (Lepidoptera, Zygaenidae) 80
