CONTENTS

- TOPCHEVSKY V. A., NESIN V. A., TOPCHEVSKY I. V. An Essay of the Small Mammal Fauna History (Insectivora, Lagomorpha, Rodentia) in Ukraine during Middle Sarmat-Aktshagyl Period 3-14

Fauna and Sistematics

- KILOCZYCKI P. Ja. Two New Microsporidian Genera: *Aedispora* gen. n. (Culicosporida, Culicosporidae) and *Krishtalia* gen. n. (Culicosporida, Golbergiidae) of the Blood Sucking Mosquitoes from the Ukraine 15-23
- GUMOVSKY A. V. Review of the Genus *Entedon* (Hymenoptera, Eulophidae, Entedoninae). 1.1. Infrageneric Division of the Genus *Entedon* with Description of a New Subgenus from Africa. 24-36
- ZAGORODNYUK I. V., BOYESKOROV G. G., ZYKOV A. Ye. Variation and Taxonomic Status of the Steppe Forms of Genus *Sylviaemus* (*falzfaini* - *fulvipectus* - *hermonensis* - *arianus*) 37-56

Ecology

- MATUSHKINA N. A., GORB S. N. Skeleton-muscle Organisation of the Endophytic Ovipositor in Odonata 57-70
- ROMAN'KOVA V., ROMAN'KOVA T. G. On the Nesting of *Megachile* Bees (Hymenoptera, Megachilidae) in the South of Primorskiy Kray, Russia. Communication 1 71-77
- KOSTIUSHIN V. A. An Ecological-Faunistic Survey of Nature Reserve Areas in Order to Elucidate Their Importance in Bird Species Diversity (as Exemplified with Mykolayivska Oblast') 78-85
- KYSSELYUK O. I. Eco-Morphological Peculiarities of Two *Arvicola* Voles (Rodentia, Arvicolidae) of the Eastern Carpathians 86-89

Short Communications

- KHAUSTOV A. A. Two New Species of Mites of the Genus *Proctotydeus* (Acariformes, Tydeidae) from Crimea and North Eastern Ukraine 90-93
- KORNEYEV V. A. *Rhagoletis barberidis* (Diptera, Tephritidae, Trypetinae), the First Faunistic Record from Ukraine 94-95
- OKHRIMENKO N. V., GNEZDILOV V. M. Larvae, Egg, Distribution and Bionomics of the Caucasian Endemic Beetle *Liliocera faldermanni* (Coleoptera, Chrysomelidae) 96-99
- PESKOV V. N., EMEL'YANOV I. G., TESLENKO S. V. Discriminant Analysis of the Morphological Differentiation between *Microtus arvalis* and *M. rossiaemeridionalis* 100-103
- TSVELYK A. N. The Pipit *Anthus spinoletta* (Passeriformes, Motacillidae) in the Crimea 104-106

New Books

- DZERZHINSKY F. A Review of the Book "Terrestrial Locomotion Apparatus of Tetraonidae and other Galliformes. Morpho-ecologic Character". I. A. BOGDANOVICH 107-108

Notes

- BUDASHKIN Y. I. New for the Ukrainian Fauna Family and Species of Lepidoptera (Noctuidae, Danaidae) from the Karadag Reserve, Eastern Crimea 77
- KRAMARENKO S. S., POPOV V. N. New Data on the Land Snail *Cepaea vindobonensis* (Férussac, 1821) (Gastropoda, Pulmonata, Helicidae) Reproduction in the Laboratory 85
- ODNOSUM V. K., HORAK J. The First Record of *Macrotomoxia* Plc (Coleoptera, Mordellidae) from the Far East Russia 89
